nCore Technology

- Nanoparticles in the inner core make it more difficult for air to escape
- Increased durability and consistency
- Maintains pressure longer
- Balanced core for more consistent bounce

New Wilson Australian Open Ball

- Thicker felt makes ball play more stable and solid

AquaShield Felt - Davis Cup

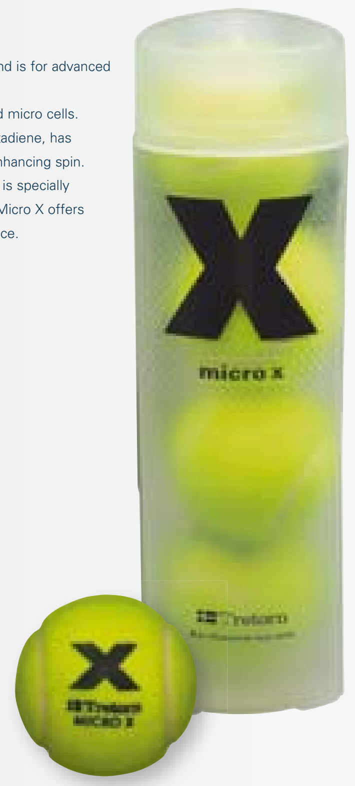

- Before felt is even woven, fibers are treated in a chemical bath to become water resistent.
- Supreme play felt enhanced with AquaShield for moisture resistence

MICRO X

The Micro X performs like a tournament ball and is for advanced players.

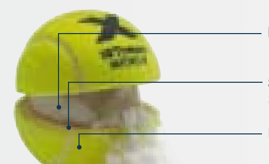

The Micro X is powered by 700 million air-filled micro cells. The rubber core, made of titanium and polybutadiene, has a softer feel than permanent pressure balls, enhancing spin. Surfaced with our exclusive Flex-Felt™, which is specially designed from wool and polyester fibers, the Micro X offers unsurpassed feel, playability and wear-resistance.

CORTEX SYSTEM

The new Aero Pro Drive Series incorporates a revolutionary technology - "Cortex System". Whereas previously dampening systems have been targeted at game improvement and club racquets Babolat has engineered a unique vibration filter that maintains the positive feedback sought after by performance players yet eliminates undesirable vibrations that can lead to injury.

80% of all tennis movements are either lateral or diagonal. Footwork during this type of movement is critical to improved shot making. Exact techonology enables quicker push off from recovery as well as faster & more efficient footwork during these movement phases.

MICHELIN Performance

Collaboration between the Babolat & Michelin Research & Development departments has resulted in a unique bi-sculptural solid rubber outsole providing the very best traction & durability for high level players.

VK Vibrakill

Vibrakill is a cushioning device constructed from Rubber EVA. Placed in both the forefoot & rearfoot it uses two different thicknesses & densities to answer the specific cushioning and recovery needs created by tennis movements.

TENNIS

The Resolution is now a firm favourite for tennis players and this season is available in two striking new colours. This shoe remains incredibly light and comfortable, straight from the box. It offers unsurpassed cushioning and shock absorption with GEL in the heel and forefoot. Excellent support and durability are provided throughout. The new Gel Resolution 2 performs at an exceptionally high standard on all surfaces.

OFFICIAL SUPPLIER OF

tenniscoachUK

Bollé's COMPETIVISION® lenses act like a filter to mute the colour spectrum except optic yellow, making the ball pop out of the background. The frames include rubber nose pads and temple tips to provide ultimate comfort and security during active use. Bollé's competivision lens is so effective, they are the official supplier of sunglasses to Tennis Coach UK. Interchangeable lenses are offered on Swiftkicks and Warrant.

Optical adaptor SRP:£24.99

Optical adapter designed so the wearer can wear prescription lenses with the Swiftkick. The adapter can be fitted with the patient's prescription lenses in lightweight polycarbonate. The adapter clips into the Swiftkick frame and gives the wearer the benefit of being able to change lenses depending on the weather or their sport. The adapter clips behind the tough shatterproof Swiftkick lenses which will also protect the patient's prescription lenses.

CENTRING 3800T - TABLETOP ELECTRONIC MACHINE £599.00

COMPLETE WITH TOOLS FREE DELIVERY TO U.K. MAINLAND.

Specifications: • Six-point, suspension mounting system • True constant pull tensioning system
• All-metal diamond-coated, Linear ball bearing, rotational string gripper • 11-90 pound (4.5-40.9 kilograms) tension range • 360 degree swivel turntable • Two slim diamond-coated, heavy-duty dual-action thumb-adjustable stainless steel swivel clamp (fixed clamps): 2 PN-1012 tennis clamps • Handle any diagonal stringing (fan patterned frames)

Features:
• Digital electronic control panel with keypad and LCD digital display
1. Microprocessor controlled, electronic pulling and monitoring system provides the precise tension control and also displays the actual pulling tension.
2. Multiple speed settings for fast and slow pulls
3. Pre-stretch option provides 5% or 10% pre-stretch over the set tension.
4. Knot overtensioning option increases the current tension by 10%. This design is to reduce the amount of tension lost when tying off.
5. Two programmable tension memory bank
6. Self-test diagnostic feature
7. Unique power selection switch for the desired voltage 100/110V or 220/240V.
8. Power input with fuse protection • Six-point, suspension mounting system provides 10-point maximum supports and eliminates any racquet distortion. • Micro-adjustable head and throat mounting posts, very easy to adjust. • 4 individually adjustable shoulder-support arms (heavy-duty) • Padded K-shaped side supports • Padded head and throat mounting posts secure any frame (including deep V-shaped throats), no cosmetic damage to any frame. • Linear ball bearing string gripper: there is no string pull or muscle to use. Also no crimp or damage to any string. Easy fingertip to activate the tension pull. See operating procedures. • Dual-action swivel clamps can move in any direction up and down; and can handle all types of racquets without extra accessories. • 2 slim diamond-coated, thumb-adjustable stainless steel swivel clamps (PN-1012). Stringing has never been as easy and efficient as it is now with the Eagnas thumb-adjustable clamp. • All-metal spring-assisted swivel clamp base: much easier to use and no muscle needed. Just need one-eighth turn to lock and release the base. See operating procedures. • 360 degree racquet rotation • Convenient tool storage area • Machine base with level-adjustable pads • Height adjustable, easy to adjust and string in a more relaxed posture • Tools: 1 6mm Allen wrench, 1 5mm Allen wrench, 1 3mm Allen wrench • Free stringing tools: 1 DP-507 diagonal cutter, 1 NP-500 needle nose pliers, 1 BS-809 tennis awl, and 1 PN-3092 string mover • User's manual • Free illustrated stringing tutorial guide: show you how to string racquets step by step • String all racquets: tennis, oversized tennis, widebodies, longbodies, fan patterned, squash, racquetball, and badminton. • Easy to convert to table-top stringing machine; just need to remove the stand.
